Implementing statutes: A.R.S. §§ 3-468.02, 3-468.06

- 5. An explanation of the rule, including the agency's reasons for initiating the rules:**

The Arizona Citrus Research Council, serving in cooperation with the Department of Agriculture, is proposing to amend R3-9-506 to prescribe requirements for governmental units that wish to apply for Council grants. Governmental units will include any department, commission, council, board, bureau, committee, institution, agency, government corporation, or other establishment or official of

the executive branch or corporation commission of this state, another state, or the federal government. The Council wishes to support other government agencies or subunits that produce work that is mutually beneficial, but is unable to do so in its current form. A.R.S. Title 3 allows the Council to contract with another governmental unit, but providing support to research agencies seems inconsistent with the statutes' intent. The proposed rulemaking maintains the competitive nature of the grant process as well as the transparency and public review of the grants, but foregoes requirements that are unnecessary to impose on a static governmental unit. The Department's separate treatment of governmental units when applying for grants is consistent with the differences in how they are treated under Title 41, dealing with grants.

6. A reference to any study relevant to the rules that the agency reviewed and either relied on in its evaluation of or justification for the rules or did not rely on in its evaluation of or justification for the rules, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

None

7. A showing of good cause why the rule is necessary to promote a statewide interest if the rule will diminish a previous grant of authority of a political subdivision of this state:

Not applicable

8. The summary of the economic, small business, and consumer impact:

In fiscal year 2006-2007 the ACRC issued \$30,000 in grants. The proposed rulemaking will prescribe guidelines for governmental units to apply for grants, absent the public notification process and the partial distribution requirements. The Council anticipates this will affect applicants for grants by making the process more competitive, but it will also foster further research in advancing the Council's objectives for citrus research. It is unlikely the proposed rulemaking will affect public or private employment or the state's general fund. The Council has determined there are no alternative means of achieving the objectives of the proposed rulemaking.

9. The name and address of agency personnel with whom persons may communicate regarding the accuracy of the economic, small business, and consumer impact statement:

Name: Carlos Ramírez, Rules Analyst

Address: Arizona Department of Agriculture

Fax Number: (602) 542-5420
E-mail: cramirez@azda.gov

10. The time, place, and nature of the proceedings for the making, amendment, or repeal of the rules, or if no proceeding is scheduled, where, when, and how persons may request an oral proceeding on the proposed rules:

An oral proceeding is not scheduled for these proposed rules. To request an oral proceeding or to submit comments, please contact the Rules Analyst listed in item #4 between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Arizona legal holidays. If a request for an oral proceeding is not made, the public record in this rulemaking will close at 4:30 p.m. thirty days after the proposed rulemaking is published in the *Arizona Administrative Register*.

11. Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rules:

None

12. Incorporations by reference and their location in the rules:

None
